

**DATE:** March 13, 2013  
**TO:** Washington State Board of Health Members  
**FROM:** Michelle Davis, Executive Director  
**SUBJECT:** Strategic Plan Update

---

**Background and Summary:**

In 2009 the Board released its *2009 Final Five-Year Strategic Plan*. The plan was built upon its predecessor, the *2007 Final Five-Year Strategic Plan*, and it was intended to become a rolling document that the Board would periodically update.

At today's meeting, I will update the Board on the implementation of the 2009 plan. I would also like to suggest some changes that the Board may wish to make to the plan to better reflect the work that is currently underway, including the addition of new or revised strategies based on committee recommendations.

In your packets today I have provided:

- The *2009 Final Five-Year Strategic Plan*
- A status report that includes recommended updates for the plan

**Recommended Board Action:**

*Motion: The Board adopts the recommended updates to the 2009 Final Strategic Plan.*
