

State of
Washington
House of
Representatives

February 28, 2014

John Wiesman
Secretary
Department of Health
PO Box 47890
Olympia, WA 98504-7890

Secretary Wiesman:

As you may know I introduced HB 2620 this session, which addressed the treatment of class B water systems.

This bill did receive a hearing and I appreciate the broad interest in solving this issue.

I strongly encourage the Dept. of Health to fix the current rule, to allow the treatment of class B water systems without local health jurisdiction rule.

Sincerely,

JOEL KRETZ
Deputy Republican Leader
State Representative
District 7

SHELLY SHORT
State Representative
District 7
