

DATE: November 19, 2015

TO: Washington State Board of Health

FROM: Keith Grellner
Chair

SUBJECT: STRATEGIC PLANNING REVIEW OF GOAL 2, STRENGTHEN PUBLIC HEALTH SYSTEM

Background and Summary:

In August, the Board reviewed Goal 1, Strengthen the Public Health System, adopted a revised Mission Statement, and reviewed current projects and initiatives. During the next several months, we will include strategic planning as a regular agenda item, to assure the Board remains engaged in the strategic planning process.

The Board's Strategic Planning Steering Committee met November 2 and reviewed Strategic Plan Goal 2. The committee is requesting a full Board discussion of Goal 2 *Increase Access to Preventive Services*. The attached document includes text for Goal 2, its supporting objectives, and examples of past work completed under these objectives.
