Teresita Batayola, CEO
International Community Health Services
Post Office Box 3007
Seattle, WA 98114

Dear Teresita:

It is my pleasure to inform you that International Community Health Services (ICHS) has been selected as a recipient of the 2015 Warren Featherstone Reid Award for Excellence in Health Care. This annual award identifies and honors health care providers and facilities in Washington State who exhibit exceptional quality and value in the delivery of health services.

From its beginning in 1973 as a small, storefront clinic in Seattle's International District to today, ICHS has worked to provide culturally and linguistically appropriate health services to Asian Pacific Islanders. Your mission has become a reality, with ICHS offering a variety of services—medical, dental, behavioral health, and pharmacy—to more than 20,000 patients speaking close to 50 languages. This access to care for an underserved population in our state exemplifies the very spirit of this award.

Secretary of Health John Wiesman's office, at the Washington State Department of Health, will be in contact with you to arrange a convenient time to present the award.

Congratulations on winning this distinguished award!

Very truly yours

Jay Inslee
Governor

John D. Scott, M.D., M.Sc., FIDSA
Associate Professor & Medical Director
Telehealth Services
University of Washington
Box 359938
Seattle, WA 98104-2499

Dear Dr. Scott:

It is my pleasure to inform you that you have been selected as a recipient of the 2015 Warren Featherstone Reid Award for Excellence in Health Care. This annual award identifies and honors health care providers and facilities in Washington State who exhibit exceptional quality and value in the delivery of health services.

Your work with Project ECHO (Extension for Community Health Outcomes) has brought cost-effective, quality care to many people who would otherwise be unable to access care. You have also worked to make case conferences available to rural areas of the state via videoconferencing during times when the providers are less likely to be seeing patients. I appreciate this innovative work, and it exemplifies the very spirit of this award.

Secretary of Health John Wiesman's office, at the Washington State Department of Health, will be in contact with you to arrange a convenient time to present the award.

Congratulations on winning this distinguished award!

Very truly yours

Jay Inslee
