Subject: WSMA supports prohibition on vitamin E acetate

Dear Ms. Pskowski ,

On behalf of the Washington State Medical Association (WSMA), thank you for the opportunity to provide comment on the proposed rules related to the prohibition of vitamin E acetate ([WSR 20-18-012](#)). The WSMA supports the permanent adoption of existing emergency rules that ban the sale of vapor products containing vitamin E acetate. Regulation of tobacco products is of great importance to the WSMA and we appreciate the State Board of Health's effort to protect the health and safety of Washingtonians.

We appreciate your consideration of these comments. Please don't hesitate to reach out if you have any questions.

Sincerely,
Jeb

Jeb Shepard
