Sent on behalf of Secretary of Health Umair A. Shah

Chair Grellner and Michelle,

As the Board of Health begins the process of convening a technical advisory group to discuss whether a COVID-19 vaccine should be considered for inclusion in the Board's immunizations rule for school-aged children, I am writing to nominate Dr. Tao Kwan-Gett to co-chair the group.

Thank you for your consideration. We look forward to engaging in and supporting this important work.

Best Regards,
Kristin
