

Data Reference Sheet Used for SBOH Tribal Map

This map shows Tribal reservations and Tribal trust lands in Washington State as of October 2025. Tribal lands identified in this map may change. The map is intended to illustrate eligible Tribal lands and Tribal organizations that may appoint Tribal representatives to local boards of health under RCW 43.20.300 and was created for this rulemaking. This map is not a replacement for legal guidance. Local Boards of Health seeking clarity on how RCW 43.20.300 applies to them should contact their legal counsel.

Board staff used the following resources to develop this map:
