

Health Impact Review Request Form

Date of request: **10 / 27 / 2015**

Requester: **Representative Tina Orwall**

Note: Health impact reviews may only be requested by the Governor or a legislator.

Staff Contact: Name: _____
Phone: _____ E-mail: _____

What is the subject of the Health Impact Review?

- Bill** Number: **SHB 1458** Title: **Concerning the age of individuals at which sale or distribution of tobacco and vapor products may be made.**
- Bill Draft** Draft Number: _____
- Decision Package** *If possible, please attach a copy of the relevant portion/aspect of what you are requesting to be reviewed.*
- Budget Proposal** *requesting to be reviewed.*
- Other:** _____

Should the Health Impact Review analyze the entire proposal or only a portion?

- Entire** **Portion**

If only a portion, please describe what portion(s) the review should analyze.

Requested completion date: **11 / 19 / 2015**

If requesting less than a ten-day turnaround during session or less than a 60-day turnaround during the interim, please explain the reasons for the request (for example, needing a review completed in time for a committee hearing).

Please consider completing the optional section on the back of this form, which will give the Board a sense of why this review has been requested.

~ Optional ~

Please consider completing this optional section, which will give the Board a sense of why this review has been requested.

NOTE: When conducting a health impact review, the Washington State Board of Health will consider various ways that a proposal might exacerbate or ameliorate health disparities. Completing this section will give the Board a head start by helping it understand the reasons why a review is being requested.

Briefly describe how you think the proposal might impact health disparities and whether you believe the impact will be in a positive or negative direction.

Are there specific organizations or community groups you would like the Board to contact as part of this review if time allows?

Please contact the American Heart Association, Campaign for Tobacco-Free Kids, and the American Academy of Pediatricians. If you could also reach out to the Department of Defense to hear about the impact of smoking on the military, as well as reach out to some communities of color, since smoking disproportionately impacts communities of color, it would be appreciated. There is also a group called Tobacco 21, in which an Ohio State University professor named Rob Crane is active.
